

Focus Group 2- notes from set-up workshop Sept 30th 2015

Cheryl Marriott, Linda Davies, Bill Makin and Peter Rose were involved in the discussion. June Crossland is also interested in the group, particularly the Landscape aspects.

Bill has some knowledge of all the topics this group will be covering. Peter has an interest and expertise in Historic Environment. Cheryl has an interest in all aspects and more detailed knowledge of wildlife and habitats. Lynn has an interest in all the topics.

We had a general discussion on the role of the Focus Group. Cheryl stressed the need for us to focus on the ‘must do’ tasks and avoid being distracted by the ‘it would be nice to do’ tasks.

We talked about the evidence we would need to start collecting, and added to the draft list ([green text](#)), see below:

2- Landscape, Natural & Built Environment	
Conservation of Landscape	
Wildlife & Habitats	
Historical Environments	
Design, Architecture & Character	
Coast & Geology	
<i>Existing information/evidence:</i>	NPPF
	Emerging Cornwall Local Plan
	Local Nature Partnership Strategy (under development)
	Cornwall Council Environmental Growth strategy (under development)
	AONB man plan
	Comprehensive habitat and wildlife designations information (ERCCIS)
	Agricultural Land classification
	Historic Landscape character assessment, Historic Environment record, Heritage Gateway
	Cornwall Landscape Character Assessment
	Conservation Area documents
	Design Guides?
	Parish Plan evidence base?
	NDP pre-survey information
	NPPF
	Flood Risk Maps and Cornwall council/EA Flood documents
	Shoreline Management Plans
National Trust Significance Statements	
World Heritage site information	
<i>Additional evidence/information required:</i>	Detailed landscape Character Assessment? <i>Focus Group to advise further on this</i>

Actions:

All- Read relevant sections of the NPPF and Cornwall Local Plan submission draft

Peter- (Has already looked at some historic information) Will also look at any relevant design guides.

Cheryl- Source habitat mapping from ERCCIS

Bill- Look at the Flood Risk Maps, CC and EA Flood documents and Shoreline Man Plans.

Lynn- Look at the (unadopted) Parish Plan evidence base to see if it is relevant to this Focus Group

Date of next meeting: Wed 21st October. NT Office behind St Agnes Hotel (double grey doors) 7-9pm.
