

OFFICER REPORT – DELEGATED

Application number: PA15/00022/NDP	Earliest determination date: 22nd October 2015
Received on: 20th August 2015	Neighbour expiry date: NONE CONSULTED
UPRN: 999999999999	Consultation expiry date: 22nd October 2015
Legal agreement: N	Site notice posted: N/A
Departure: N	Site notice expiry: N/A
Complies with Development Plan? N/A If not, ensure you cover in the report how material considerations outweigh the plan?	
Is this decision contrary to local council recommendation?	

Applicant:	Sue Herman – St Agnes Parish Council
Site Address:	St Agnes Cornwall
Proposal:	Designation request for undertaking a Neighbourhood Development Plan for the Parish of St Agnes
Application Type:	Neighbourhood Development Plan

Executive Summary:

In accordance with the Neighbourhood Planning (General) Regulations 2012 ("The Regulations") any Neighbourhood Plan being produced must be carried out within a Neighbourhood Area the extent of which must be submitted to, publically advertised and consulted on for prescribed period and approved by Cornwall Council.

St Agnes Parish Council is working on the preparation of a Neighbourhood Plan for the entire parish area of St Agnes. An application for the designation of Neighbourhood Area was made to Cornwall Council and was advertised in the West Briton between the 10th September 2015 and 22nd October 2015.

No objections were received to the advertisement of the Neighbourhood area and it is therefore recommended under regulation 6 that the Neighbourhood Area designation is confirmed and advertised as required by Regulation 7.

Public representations:

No public representations received at the time of writing.

Consultee representations:

Highways (15.09.2015)

Designation Request for a Neighbourhood Development Plan area - St Agnes Parish

Thank you for your letter of 9 September providing Highways England with the opportunity to comment on the application by St Agnes Parish Council for designation of the Parish as a Neighbourhood Development Plan (NDP) area.

Highways England is responsible for operating, maintaining and improving the strategic road network which in this instance comprises the A30 which runs to the south of the proposed plan

area. We are keen to support the development of neighbourhood plans and the delivery of local growth and we have no objection in principle to the Parish becoming an NDP area. However, future development proposals will have the potential to impact on the A30 and we will therefore need the opportunity to comment further on the plan as it develops, to ensure it includes a satisfactory assessment of traffic impacts and mitigation requirements.

If it would be helpful to you or the Parish Council to discuss, please don't hesitate to contact me.

Yours Sincerely

Sally Parish

Historic Environment Planning (09.09.2015)

Thank you for consulting us on this neighbourhood plan proposal. Historic Environment advice on neighbourhood plan consultations will be provided by the HE Core Team, as a policy function. Please e-mail either Dan Ratcliffe (Historic Environment and Place Shaping Lead) or Nick Cahill (Historic Environment Team Lead) direct for advice.

Victoria Robinson BSc(Hons), PGDip
Senior Development Officer (Historic Environment)
Planning and Enterprise Service
Cornwall Council

Dan Ratcliffe and Nick Cahill were e-mailed on 9th September and no further comment has been received.

Historic Environment Planning (Archaeology) (09.09.2015)

Advice on Neighbourhood Development Plan consultations are provided by the Strategic Historic Environment Service (SHES) as this is a policy issue. Please contact them direct for advice. Historic Environment Planning (Archaeology).

The Historic Environment Planning (Archaeology) were e-mailed on 9th September 2015 and no further comment has been received.

Principle Public Spaces Officer - no comment received

Affordable Housing (18.09.2015)

NOTE: Comments are confined only to the affordable housing implications of this proposal.

SUMMARY

The affordable housing team SUPPORT the proposal to designate, however recommends that the Neighbourhood Development Plan take into account the significant local need for affordable housing.

RELEVANT POLICY POSITION

Neighbourhood Development Plans need to be consistent with national and strategic planning policy. With regard to affordable housing issues this is contained in the:

- o National Planning Policy Framework;
- o Former Carrick District Local Plan;
- o Draft Cornwall Local Plan; and
- o Draft Cornwall Affordable Housing Supplementary Planning Document.

These documents set out the requirements for new development to contribute to affordable housing and define and explain affordable housing in some detail. The above policies should be used to inform the development of the Plan, where relevant. Policy 8 of the draft Cornwall Local Plan taking account of the Inspector findings at examination set a target of 30% of new dwellings in

the Parish to be affordable (non exception sites). Policy 9 of the draft Cornwall Local Plan concerns affordable housing led sites (rural exception sites) which sets a requirement of no less than 50% affordable dwellings.

HOUSING NEED

There is a high local need for affordable housing in St Agnes, one of the highest rural parish housing needs in the County. The Cornwall housing register, known as Cornwall Home Choice indicates some 317 households in affordable housing need in the parish meeting the local connection criteria; of which 45% of households state a 1st choice preference for living in St Agnes village. The greatest need is for 1, 2 and 3 bedroom homes, with a lesser need for larger family homes, as detailed below:

- o 1 bed - 178
- 2 bed - 94
- 3 bed - 36
- 4 bed - 8
- 5 bed - 1

The affordable housing team are able to provide support to undertake a local housing needs survey.

AFFORDABLE HOUSING AND THE PLAN

Should the Plan address the issue of additional affordable housing, it is recommended that it considers aspects such as:

- Tenure
- Mix
- Unit size / number of persons
- Affordability
- Delivery mechanisms and partners
- Funding requirement / availability
- Phasing
- Clusters
- Ratio of flats
- Adapted accommodation
- Self-build

Any proposals for affordable housing to be delivered through existing and traditional developer / Registered Provider (Housing Association) partnerships should take account of the eligibility criterion and housing allocations procedures explained in the Councils adopted Homechoice policy.

If the Plan seeks to deliver affordable housing, for example through site allocations, it is important to adequately address aspects relevant to successful delivery, for example:

- Through any Neighbourhood Development Order
- Land ownership, availability, and cost
- How deliverable a site is, having due regard to all material planning considerations
- Economic Viability

The Plan may wish to consider the opportunities offered under the Governments' Community Right To Build initiative, which complements the Neighbourhood Development Plan process, and which allow communities to directly own, develop, and manage affordable housing for local people.

Electoral Services – no comment received

Natural England (14.09.2015)

Thank you for notifying Natural England of/requesting information in respect of your Neighbourhood Planning Area dated 09/09/2015.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Natural England is a statutory consultee in neighbourhood planning. We must be consulted on draft Neighbourhood Development Plans where the Town/Parish Council or Neighbourhood Forum considers our interests would be affected by the proposals. We must be consulted on draft Neighbourhood Development Orders and Community Right to Build Orders where proposals are likely to affect a Site of Special Scientific Interest or 20 hectares or more of Best and Most Versatile agricultural land. We must also be consulted on Strategic Environmental Assessments, Habitats Regulations Assessment screening and Environmental Impact Assessments, where these are required. Your local planning authority will be able to advise you further on environmental requirements.

The following is offered as general advice which may be of use in the preparation of your plan. Natural England, together with the Environment Agency, English Heritage and Forestry Commission has published joint advice on neighbourhood planning which sets out sources of environmental information and ideas on incorporating the environment into plans and development proposals. This is available at: <https://www.gov.uk/consulting-on-neighbourhood-plans-and-development-orders>

Local environmental record centres hold a range of information on the natural environment. A list of local records centre is available at: <http://www.nbn-nfbr.org.uk/nfbr.php>

Protected landscapes

If your neighbourhood planning area is within or adjacent to a National Park or Area of Outstanding Natural Beauty (AONB), we advise that you take account of the relevant National Park/AONB Management Plan for the area. For Areas of Outstanding Natural Beauty, you should seek the views of the AONB Partnership.

National Character Areas (NCAs) divide England into 159 distinct natural areas. Each is defined by a unique combination of landscape, biodiversity, geodiversity and cultural and economic activity.

Their boundaries follow natural lines in the landscape rather than administrative boundaries, making them a good decision making framework for the natural environment.

<http://www.naturalengland.org.uk/publications/nca/default.aspx>

Protected species

You should consider whether your plan or proposal has any impacts on protected species. To help you do this, Natural England has produced standing advice to help understand the impact of particular developments on protected or Biodiversity Action Plan species should they be identified as an issue. The standing advice also sets out when, following receipt of survey information, you should undertake further consultation with Natural England.

Natural England Standing Advice

Local Wildlife Sites

You should consider whether your plan or proposal has any impacts on local wildlife sites, eg Site of Nature Conservation Importance (SNCI) or Local Nature Reserve (LNR) or whether opportunities exist for enhancing such sites. If it appears there could be negative impacts then you should ensure you have sufficient information to fully understand the nature of the impacts of the proposal on the local wildlife site.

Best Most Versatile Agricultural Land

Soil is a finite resource that fulfils many important functions and services (ecosystem services) for society, for example as a growing medium for food, timber and other crops, as a store for carbon and water, as a reservoir of biodiversity and as a buffer against pollution. It is therefore important that the soil resources are protected and used sustainably. Paragraph 112 of the National Planning Policy Framework states that:

'Local planning authorities should take into account the economic and other benefits of the best and most versatile agricultural land. Where significant development of agricultural land is demonstrated to be necessary, local planning authorities should seek to use areas of poorer quality land in preference to that of a higher quality'.

General mapped information on soil types is available as 'Soilscapes' on the www.magic.gov.uk and also from the LandIS website; <http://www.landis.org.uk/index.cfm> which contains more information about obtaining soil data.

Opportunities for enhancing the natural environment

Neighbourhood plans and proposals may provide opportunities to enhance the character and local distinctiveness of the surrounding natural and built environment, use natural resources more sustainably and bring benefits for the local community, for example through green space provision and access to and contact with nature.

Opportunities to incorporate features into new build or retro fitted buildings which are beneficial to wildlife, such as the incorporation of roosting opportunities for bats or the installation of bird nest boxes should also be considered as part of any new development proposal.

Should the proposal be amended in a way which significantly affects its impact on the natural environment then, in accordance with Section 4 of the Natural Environment and Rural Communities Act 2006, Natural England should be consulted again at consultations@naturalengland.org.uk

We really value your feedback to help us improve the service we offer. We have attached a feedback form to this letter and welcome any comments you might have about our service.

Yours sincerely

Tom Reynolds

Consultations Team

Historic England (15.10.2015)

NEIGHBOURHOOD AREA CONSULTATION - ST AGNES

Thank you for giving notice that St Agnes Parish Council has applied to designate St Agnes as a Neighbourhood Area under Part 2 of the Neighbourhood Planning (General) Regulations 2012.

Historic England has no objection to this proposal.

We would like to take the opportunity of the consultation to outline the range of support Historic England is able to offer in relation to Neighbourhood Plans. It would be helpful if this response can be copied to the Parish Council for their information.

Research has clearly demonstrated that local people value their heritage and Neighbourhood Plans are a positive way to help communities care for and enjoy the historic environment.

Historic England is expecting that as Neighbourhood Planning Forums come to you to seek advice on preparing Neighbourhood Plans they will value guidance on how best to understand what heritage they have, as well as assistance on preparing appropriate policies to secure the conservation and enhancement of this local heritage resource.

Information held by the Council and used in the preparation of your Core Strategy/Local Plan is often the starting point for Neighbourhood Plans. Other useful information may be available from the Historic Environment Record Centre or local environmental and amenity groups. For example, our records indicate that the area is rich in heritage assets, having 2 Grade I/II* and 151 Grade II Listed Buildings, 28 Scheduled Ancient Monuments (two of which are on the national Heritage At Risk Register), 3 Conservation Areas, and that it lies within the Cornwall Mining World Heritage

Site. Historic England also publishes a wide range of relevant guidance. Links to these can be found in the appendix to this letter.

Plan preparation also offers the opportunity to harness a community's interest in the historic environment by getting them to help add to the evidence base, perhaps by creating and or reviewing a local heritage list, inputting to the preparation of conservation area appraisals and undertaking or further deepening historic characterisation studies.

Historic England has a statutory role in the development plan process and there is a duty on either you as the Local Planning Authority or the Neighbourhood Planning Forum to consult Historic England on any Neighbourhood Plan where our interests are considered to be affected as well as a duty to consult us on all Neighbourhood Development Orders and Community Right to Build Orders.

Historic England will target its limited resources efficiently. We will directly advise on proposals with the potential for major change to significant, nationally important heritage assets and their settings. Our local offices may also advise communities where they wish to engage directly with us, subject to local priorities and capacity.

Historic England fully recognises that the neighbourhood planning process is a locally-led initiative and communities will shape their own neighbourhood plan as informed by the issues and opportunities they are most concerned about and relevant to the local area. As a national organisation we are able to draw upon our experiences of neighbourhood planning across the country and information on our website might be of initial assistance <http://www.historicengland.org.uk/advice/planning/plan-making/improve-your-neighbourhood/>. It is envisaged that the website will be progressively updated to share good practice in the management of the historic environment through neighbourhood planning.

Should you wish to discuss any points within this letter, or if there are issues about this Neighbourhood Plan Area where the historic environment is likely to be of particular interest, please do not hesitate to contact me.

Yours sincerely

David Stuart
Historic Places Adviser
david.stuart@historicengland.org.uk

Network Rail (06.10.2015)

Network Rail has been consulted by Cornwall Council on the Neighbourhood Development Plan for the parish of St Agnes. Thank you for providing us with this opportunity to comment on this Planning Policy document.

Network Rail is a statutory undertaker responsible for maintaining and operating the country's railway infrastructure and associated estate. Network Rail owns, operates, maintains and develops the main rail network. This includes the railway tracks, stations, signalling systems, bridges, tunnels, level crossings and viaducts. The preparation of development plan policy is important in relation to the protection and enhancement of Network Rail's infrastructure. In this regard, please find our comments below.

Whilst Network Rail has no objection in principle to the Neighbourhood Development Plan for the parish of St Agnes. However future development proposal may have the potential to impact upon Network Rail's infrastructure, e.g. level crossings therefore, we would request the opportunity to comment further on the plan as it develops.

We trust these comments will be considered in your preparation of the forthcoming Neighbourhood Development Plan document.

Regards,

Barbara Morgan
Town Planning Technician (Western and Wales)

Marine Management Organisation – no comment received

Home and Communities Agency – no comment received

Constraints and designations:

Not applicable.

Relevant policies, SPGs and Government guidance:

Not applicable for the designation process.

Appraisal/key issues and conclusion:

The main issues in determining this application are:

- Whether an application for a Neighbourhood Area has already been made covering all or part of this area (as there can only be one Neighbourhood Area in each location and they cannot overlap)
- Confirmation that the applicant is a 'relevant body' to undertake Neighbourhood Planning in that area in accordance with section 61G of the 1990 Act and section 5C of the 2012 Regulations (i.e. a parish council or Neighbourhood Forum).
- Assessment of whether the extent of the Neighbourhood Area is appropriate.

No other application has previously been made covering all or part of this area and there are no existing designated Neighbourhood Areas covering, or close to the boundary of St Agnes Parish.

St Agnes Parish Council is a relevant body to undertake Neighbourhood Planning in that area in accordance with section 61G of the 1990 Act and section 5C of the 2012 Regulations.

The Neighbourhood Area is considered appropriate as it follows the boundary of the area covered by St Agnes Parish Council.

It is therefore considered to be an appropriate area in which to prepare a Neighbourhood Development Plan.

Recommendation:

The Neighbourhood Area illustrated on Plan 1 is designated in accordance with the Neighbourhood Planning (General) Regulations 2012.

Conditions

PLANS REFERRED TO IN CONSIDERATION OF THIS APPLICATION:

Plan 1 – Designation area of St Agnes Parish

Copies of decision notices and documents associated with the decision making process, where relevant, for the above applications can be found in the Council's on-line planning register using the following link and by entering the reference of the application you are interested in.
